

Assembly Instructions For #485 Panel Beds

Thank you for purchasing this quality product. Be sure to check all packing material carefully for small parts that may have come loose inside the carton during shipment.

Caution: (1) These parts are cumbersome and heavy. This product can best be assembled with the assistance of one or more persons in order to prevent personal injury and to insure parts are not damaged during the assembly process. If dirty, clean finished parts with mild dishwashing liquid and water solution applied on damp cloth. Cloth should not be excessively wet. Polish finish with soft cloth and an industry recognized furniture polish.

(2) To prevent damage to your floor or carpet, please check the bottom of each piece of furniture for stain residue and rough surfaces and also check for staples or nails left after removing the packaging material. The manufacturer will not be held responsible if preventative steps are not taken prior to installation.

Note: The bed should not be moved after it has been assembled without first disassembling the bedrails. Excessive movement while the bedrails are locked into place may damage bedroom parts.

Assembly Procedure:

Hook side rails into slots on headboard and footboard.

Note:

1. Insert the rail hooks into the lower slots unless you will be using an "under-bed" item such as a trundle bed or storage box.
2. Use the upper set of slots if you are placing a trundle bed or storage drawer under the bed.

3. MAKE SURE THE HOOKS ARE FIRMLY LOCKED INTO THE BED POSTS!

--The End--

Assembly Instruction For #888-4923/4924 Slat Rolls

Note: These slat rolls are designed to fit any Legacy Kids bed. The slat rolls, when properly installed, eliminate the need for any other mattress support or foundation.

Caution: (1) These parts are cumbersome and heavy. This product can best be assembled with the assistance of one or more persons in order to prevent personal injury and to insure parts are not damaged during the assembly process. If dirty, clean finished parts with mild dishwashing liquid and water solution applied on damp cloth. Cloth should not be excessively wet. Polish finish with soft cloth and an industry recognized furniture polish.

(2) To prevent damage to your floor or carpet, please check the bottom of each piece of furniture for stain residue and rough surfaces and also check for staples or nails left after removing the packaging material. The manufacturer will not be held responsible if preventative steps are not taken prior to installation.

Assembly Procedure:

1. Select the bed assemblies and the slat rolls.
2. Lay the slat rolls onto the side rails, spread the slat roll so it extends fully and into the cleat notches.
3. Secure the slat roll in place by threading a 1.1/4" flat head screw through the predrilled holes near the ends of the slat rolls, and into the cleats on the side rails as shown. Tighten securely.
